SECTION 3: HAZARD DATA

Highly Flammable

Route of Entry: Inhalation; Absorption; Ingestion

Route of Exposure:

Ingestion: If swallowed may cause nausea, vomiting and/or diarrhea.

Eyes: The gel may produce eye discomfort and is capable of causing temporary impairment of vision damage. The vapor is uncomfortable to the eye. Splashes may cause severe eye irritation, possible eye damage. Symptoms of overexposure may include redness, itching, irritation and watering.

Skin: May be irritating to skin.

SECTION 4: FIRST AID MEASURES

INGESTION: If ingested, call Poison Control Center or local emergency number IMMEDIATELY. Provide an estimate of the time and amount of the substance that was swallowed.

INHALATION: Remove victim to fresh air at once.

EYES: If product is in the eyes, flush with copious amounts of lukewarm water for at least 15 minutes. Open and close eyelid(s) to ensure thorough irrigation. Consult a physician and show him the product’s container or label.

SKIN: If redness, dryness or other signs of irritation to the skin develop, wash affected skin areas with plenty of warm water and soap. If irritation persists, consult a physician.
SECTION 5: FIRE FIGHTING MEASURES

This product is Highly Flammable. Keep away from sources of ignition -- No smoking

Flashpoint: -18 C/ 0F (IP 170) Autoignition Temperature: 540 C/ 1,004 F

Fire Extinguishing Media:
Dry chemical, alcohol foam or carbon dioxide. Water may be ineffective. Water spray may be used to keep fire exposed containers cool.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment. Maximize ventilation and secure all sources of ignition. Sweep up spilled material or remove spilled material with absorbent material and place into appropriate closed container for disposal. Dispose of properly in accordance with local, state and federal regulations. Wash all affected areas and outside of container with plenty of warm water and soap. Remove any contaminated clothing and wash before they are worn again.

SECTION 7: HANDLING and STORAGE

Use in a well-ventilated location and avoid breathing the vapors generated by this product. After using this product wash skin thoroughly with plenty of soap and water. If necessary, use a moisturizer after washing. Do not eat, drink, or smoke while handling this product. Keep away from excessive heat, open flames, sparks, and other possible sources of ignition. Do not store in damaged or unmarked containers or storage devices. Keep containers securely closed when not in use. Open slowly on a level, stable surface. Empty containers may contain residual amounts of this product; therefore, empty containers should be handled with care. Avoid eye contact. As a precaution against exposure to the eyes this product should not be stored higher than waist level. Do not store where temperatures can exceed 120 °F. Clean all spills promptly and thoroughly. Keep away from children at all times!

SECTION 8: EXPOSURE CONTROLS and PERSONAL PROTECTION

Use with adequate ventilation (e.g., local exhaust ventilation, fans).
No special respiratory protection is required under typical circumstances of use or handling.
Hand protection is not required under normal conditions of use but this product may cause skin irritation in some sensitive individuals. Not not classifiable as a human carcinogen.

SECTION 10: STABILITY & REACTIVITY

Stable when stored properly in a closed container.
Avoid exposure/contact to extreme temperatures, strong light sources, sparks and/or a flame.

SECTION 11: TOXICOLOGICAL INFORMATION

This product has NOT been tested on animals to obtain data. The toxicology data for the components of the product, which are found in scientific literature. The data includes CIR Reports which aren't presented here.
This product is not reported to cause reproductive toxicity in humans.
This product is not reported to produce mutagenic effects in humans.
This product is not reported to produce embryotoxic effects in humans.
This product is not reported to cause teratogenic effects in humans.
This product is not reported to cause reproductive effects in humans.
This product is not reported to be toxic to aquatic life.

SECTION 12: ECOLOGICAL INFORMATION

The components of this product will degrade over time into a variety of organic compounds.
There is no specific data available for this product on its effects on Plants & Animals.
There is no specific data available for this product on its effect on Aquatic Life.

SECTION 13: DISPOSAL CONSIDERATIONS

Dispose in accordance with local, state and Federal hazardous waste laws.

U.S. EPA Characteristic Waste: D001 (ignitability)
